** Daily Value not established.	

Other Ingredients: Microcystalline cellulose, HPMC (acid-resistant capsule), stearic acid, magnesium stearate, and silica.

† Colony-Forming Unit

PROFESSIONAL USE ONLY

ProbioMax® Daily DF

DIRECTIONS: Take one capsule with water daily, or as directed by your healthcare practitioner.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner.

ProbioMax® Daily DF is a vegetarian, dairy- and gluten-free, four-strain probiotic totaling 30 billion CFU per capsule. Each vegetarian capsule is sealed in nitrogen-purged aluminum blister packs to serve as protection from factors proven to compromise stability of probiotics such as heat, moisture, and oxygen. ProbioMax Daily DF provides four researched strains of beneficial bacteria, including the extensively studied HN019® strain of *Bifidobacterium lactis*. These live microorganisms have proven health benefits and well-established safety, and have been tested for epithelial cell adhesion and/or resistance to low pH.*

To further support resistance to low pH and the delivery of microorganisms to the small intestine, XYMOGEN employs DRCaps™ gastro-resistant capsules. These specially designed, innovative capsules help slow exposure of actives to stomach acid and ensure more targeted release.*
