Not for resale on third-party websites, including Amazon[®] and eBay[®].

DOES NOT CONTAIN: Wheat, gluten, soy, animal or dairy products, fish, shellfish, peanuts, tree nuts, egg, artificial colors, artificial sweeteners, or artificial preservatives.

STORAGE: Keep closed in a cool, dry place out of reach of children.

These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure, or prevent any disease.

ProbioMax[®] Complete DF is a vegetarian, gluten- and dairy-free blend of diverse, well-researched, identity-certified HOWARU[®] and Florart[®] probiotic strains totaling 45 billion CFUs per dose. Delivered in gastro-resistant capsules, this formula is targeted to support a healthy microbiome. Each strain is well-researched and identity-verified and has been genetically characterized and properly classified for safety and assurance. Nitrogen-purged blister packaging further assures the viability of these strains, which were not only selected for their health benefits and complementary actions but also for their viability and stability.

Consult your healthcare practitioner prior to use. Individuals taking medication should discuss potential interactions with their healthcare practitioner.

DIRECTIONS: Take one capsule with water daily, or as directed by your healthcare practitioner.

ProbioMax[®] Complete DF
